LIGHT INNOVATION

La luce è una questione d'equilibrio tra atmosfera e funzionalità. Così sono le nostre lampade: fusioni di elementi architettonici e formali essenziali, che garantiscono una perfetta illuminazione ed un'eleganza senza tempo.

La crescente esperienza di Penta si legge nella ricca collezione di luci, che integrano fra loro materiali dalle caratteristiche diverse. Il risultato è una luce viva, che crea un nuovo spazio da abitare e si modella secondo le diverse esigenze.

Design, quindi, nel senso più ampio del termine, come luce, spazio, movimento e sensazioni.

[EN] Light is a matter of balance between atmosphere and functionality. That is how our lamps are: fusions of architectonical and formal essential elements, that grant a perfect lighting together with a timeless elegance. You can feel the growing experience of Penta in its rich collection of lights, that merge materials with different characteristics. The result is a living light, that creates a new space to live and models itself according to the different needs. Design therefore, but in the broadest sense, as light, space, movement and sensations.

[TED] Licht ist eine Frage von Ausgeglichenheit zwischen Atmosphäre und Funktionalität. So sind unsere Leuchten: Fusionen von architektonischen und formalen Hauptelementen, die eine perfekte Beleuchtung und eine zeitlose Eleganz garantieren. Die wachsende Erfahrung von Penta zeigt sich in ihrer reichen Leuchtenkollektion, welche verschiedenste Materialien verbindet. Das Ergebnis ist ein lebendiges Licht, das neuen Lebensraum schafft und das sich individuellen Bedürfnissen anpaßt. Design in seiner alles umfassenden Bedeutung: Licht, Raum, Bewegung und Empfindung.

Vous pouvez lire l'expérience croissante de Penta en la riche collection de lumières, qui mélangeent entre eux matériaux aux caractéristiques différents. Le résultat est une lumière vive, qui crée un nouvel espace à habiter et qui se modèle selon les différentes exigences. Donc design, dans toute la force du mot, comme lumière, espace, mouvement et sensations.

[ES] La luz es una cuestión de equilibrio entre atmósfera y funcionalidad. Así son nuestras lámparas: fusión de elementos arquitectónicos y formales que garantizan una perfecta iluminación y una elegancia intemporal. La creciente experiencia de Penta se lee en la rica colección de luces, que integran entre ellas materiales de características distintas. El resultado es una luz viva, que crea un nuevo espacio a habitar y se modela de acuerdo con las diversas exigencias. Design, por lo tanto, en el sentido más amplio de la expresión, como luz, espacio, movimiento y sensaciones.

I vetri realizzati rigorosamente a mano dal maestro vetraro rispettano le antiche e tradizionali tecniche di soffiatura. Ogni articolo è sottoposto a meticolosi controlli di qualità, pertanto apparenti difetti come bolle o variazioni dei toni di colore del vetro, sono riconosciuti come pregi e conferma della lavorazione artigianale.

Glasses are hand made and mouth blown by the master glass blower, according to the traditional techniques of blowing. Each item is carefully checked, therefore apparent imperfections, such as bubbles or nuances in the glass colour, have to be recognised as qualities and sign of the artisan's craftsmanship.
